

November 10, 2025: On Donald Trump is Holding Me as a Hostage

There really is no other way to describe it except that Donald Trump and his team are holding me hostage within a spying bubble that follows me around and attempts to disrupt everything that I am attempting to do in my life.

That is the general plot.

Apparently, this is the most active form of Freemason 'community service' as I have not witnessed anything more active than what I am seeing surround us at all times.

If your family is involved in Freemasonry, please be aware that this is what your daddy is out doing when he is 'working late' or 'spending time with his friends.'

Your daddy is being used as a slave to Donald Trump's criminal campaign they are holding people hostage around the country.

That is the plain truth. I am unable to go anywhere, do anything, or write anything without a response from Donald Trump's network of criminals.

This network has affirmatively revealed themselves to me as Freemasonry.

These are facts. Not every member of the team is a Freemason, but the businesses that they are employed by likely are all a part of this criminal network.

I have alerted the police, but anyone that regularly watches crime documentaries knows that the police are full of Freemasons.

This is a very troubling revelation that we are seeing in America as we have become very clearly accustomed to the fact that Donald Trump is leading a group of criminals to cause harm to citizens of the United States of America without any concern whatsoever for any criminal accountability.

I am alerting the public as best that I can.

The United States is currently being ruled over by a criminal network and that network has followed my family all the way to Spain and showed up at my front door to say 'hello' on numerous occasions.

This simply is not the kind of country that we should be living in here in America.

Whatever mental illness Donald Trump is suffering from at this time, it is not an excuse for using his power as the President to hold citizens inside of Catch and Kill bubbles of oppression.

Donald, you are a mentally-ill criminal that must let go. You are destroying yourself and the country that you claim to 'love'.

Donald, let go. Stop committing these crimes. You are not helping yourself in any way.
